MORRIS ANIMAL FOUNDATION
Canine Cancer Campaign
Best Friends Helping Best Friends.

K9 CANCER 3 1/2 / 7 1/2 WALK WITH TEAM BERNER

**April 24, 2010, Elk Grove Regional Park, Elk Grove, CA
to help Morris Animal Foundation fight canine cancer!**

Hosted by the Bernese Mountain Dog Club of Northern California, Team Berner is walking to improve the future for not only Bernese Mountain Dogs, but for all breeds. We walk in honor of our dogs who are cancer survivors, in memory of the dogs we have lost to cancer, and in support of a cure so that our dogs may be spared from cancer in the future.

100% of all walk registration fees, vendor fees and donations will go directly to support Morris Animal Foundation’s Canine Cancer Campaign to fund research for canine cancer, early detection methods, effective treatments, and ultimately a cure!

**Please join our team by walking with us
(or becoming a “Sit and Stay for the Cure” virtual walker)
and raise donations to reach our lofty goal of \$2,000!
Team members can create their own fundraising web pages.**

**If you can't walk with us this year,
WON'T YOU PLEASE HELP WITH A DONATION
to our team? Any amount is gratefully accepted.**

**You can register to walk or make a donation online at:
<http://support.morrisanimalfoundation.org/goto/TeamBerner>**

- Whether you walk or not, join us at 11:30 for a team picnic
and to listen to these distinguished program speakers:**
- ◆ Dr. Wayne Jensen, Chief Scientific Officer, Morris Animal Foundation
 - ◆ Dr. Nancy Kay, Diplomat ACVIM and Author of *Speaking For Spot*
 - ◆ Dr. Michael Kent, Associate Professor, UC Davis Veterinary School

The Elk Grove K9 Cancer Walk is hosted by the Sacramento Canine Cancer Campaign Volunteers.
For more information visit www.caninek.org or e-mail info@caninek.org.
